BTO[®]

Our **Manifesto** strives to describe the tesserae underlying the **fundamental principles** that guide those who live in our organization and that can be applied effectively on a daily basis at **BTO**.

Our manifesto therefore acts **as a compass for our behavior**, by blazing a trail for what we want to be, and by helping us put it across to others. It stands for who we are and connects us while making us feel equal despite our wonderful diversity.

Our manifesto is not merely theory. Each of our 8 principles is a call for action in our everyday life, the free and personal expression of our way of being that is in keeping with our organizational culture.
